

PARTHA PRATIM Jana

Electronics And Telecommunication Engineer

Profile

I am a second-year Bachelor of Technology - Elec. & Telecom (B.Tech - E&TC) student at Kalinga Institute of Industrial Technology. I am honing my critical thinking and problem solving skills through my degree courses, and developing my excellence on Embedded System and Internet of Things (IoT). I am now looking to add value to organizations via more internship projects while further advancing my skills.

I won one of the hackathon contest.
